# Heritage

## Our Business...

Founded in 1945 by Mr. Bhailalbai Motibhai Patel, FGS Ingredients Limited is a family owned business based in the UK well into its third generation of leadership. The business was first established in Kenya and moved to Leicester in the 70's. We have been importing, processing and distributing directly from our UK based factory since 1974 and have grown to be principle suppliers of natural ingredients. We are providers of both raw materials ready for further treating or finished ingredients.

We pride ourselves in our service, quality and our wealth of knowledge. Using modern day equipment combined with professional personnel, we have introduced processes which are in line with regulatory requirements whilst taking care of your needs.

FGSIngredientsLtd

# Experience

## What we do...

Using our 42 years of experience at FGS we provide you with complete manufacturing, milling, blending, sterilisation and packing services, whilst continuously ensuring that we are adhering to global food and safety standards. We are leading providers of whole, powdered and processed spices. Having worked with major exporters from over 30 countries our suppliers have a strong presence in their home market and also have clear knowledge of our products, values and vision. We have established direct relations with carefully selected farmers and suppliers both domestically and internationally providing stability for our customers.

**FGSIngredientsLtd**

# *Our facility*

## Our success model..

- Purpose built factory in Leicester supporting UK manufacturing
- 18,000 tons milling capacity
- Heat treatment sterilisation manufacturing available
- Contract milling
- Contract blending

FCSIngredientsLtd

# *Our Heritage*

“My father started the business when I was just eight years old so I have been brought up around spices all my Life”.

“I have built on the work of my father and perfected the processes involved in the milling and blending of ingredients whilst at the same time, maintaining the highest standard of quality. Now my products go full circle, as I am exporting to some of the countries where the ingredients started their life”

*Kirit Patel*
